## Stand Reviews and Charges

To enhance health and safety and to mitigate the risks involved in the construction of stands, all stand and feature designs (with the exception of Shell Scheme units) will have to be approved by the DWTC Venue Infrastructure team.

Every space only stands including single, double and triple decker stands will need to meet the minimum requirements stipulated in "Dubai Municipality Structural Codes and Guidelines" and international codes of practice such as AISC 360, BS 5950 and "Dubai Building Code 2021" to ensure public's safety through safe design.

Any stand, built in outdoor areas where wind is prevalent, will need to comply with the "Dubai Building Code 2021" and international standards such as ASCE-7 for wind loading calculation and application to structure.

Further details on the billing process and submission timelines will follow shortly.

\* The stand submission fees for space only stands / features will apply for all events starting from 1<sup>st</sup> January 2023.

Stand Type	Charges (+5% VA)
* Space Only Stand	AED 500 *
Double Decker Stand	AED 1,000
Triple Decker Stand	AED 2,000
